

# AFFORDABLE BY DESIGN

## LTC Digital provides innovative digital signage solutions

Our powerful software works in tandem with our easy-to-deploy hardware to produce powerful messaging at a cost-effective price — as little as \$25 per month.\*

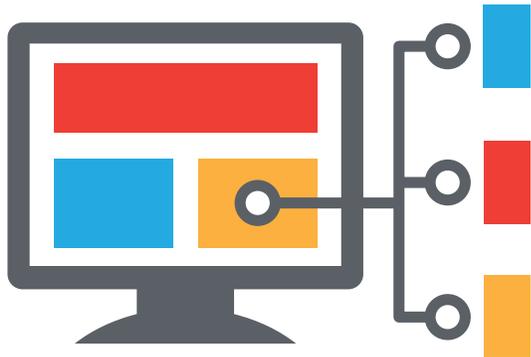

### DEPENDABLE RELIABILITY

Our devices all run off available Wi-Fi networks. Our on-device storage works with our software, which ensures your signs will operate smoothly, even if networks are disrupted.

### UNPARALLELED SUPPORT

If your device experiences problems, our dedicated support team is alerted instantly, and will act immediately to resolve any issues.

# FEATURES & SERVICES

## Plug-Ins and Widgets

From hyperlocal weather to Google calendar integration, or whatever your specific needs, our team can custom-create messaging that perfectly suits your needs.

## Integration

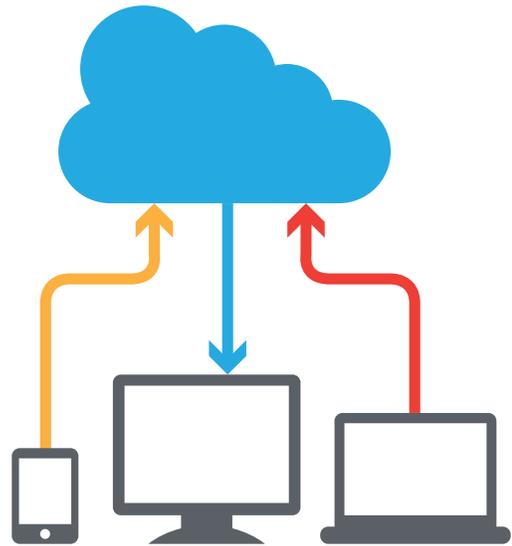

Our signage platform is integrated with numerous technologies, such as Google Calendar, Dropbox, FTP, and more.

If your marketing workflow can be simplified with additional cloud-based integrations, we can certainly integrate your platform of choice.

## Affordable Pricing

Our black box signage player costs as little as \$25/month per box.

\*Pricing and product specifications are subject to change without notice.

## Cloud Managed

Our web-based management software allows you to upload pictures and information to your signs from any device.

## EXAMPLES:

### Employee of the Month

Want to spotlight a hard worker? Give them credit with a special thank you. Provide us with a picture of your employee, and we'll handle the rest.

### Weekly Trivia Games

We offer a weekly trivia event, and provide answer forms for it, and even keep score. Your sign can provide a truly interactive and fun user experience.
